

# Year 4 Walmer Term 3 Newsletter

Welcome to Term 3 of Year 4!

After hearing all about the fantastic learning you completed in the Autumn term and meeting some of you at the end of last term, I am excited for the term ahead. We have some super topics to learn about and I'm excited to get to know you all!

## MATHS 123

In our maths learning this term, we will be continuing to recall multiplication and division facts for multiplication tables up to 12 x 12. We will also be recording calculations to see patterns between our multiplication and division facts. We will be using place value to extend our calculations.

In topic maths we will be working with both discrete and continuous data beginning to understand the purpose of using statistics.

This will include a range of appropriate representations and chart that can show data.

In English, we are reading 'Awesome Egyptians' we will be retrieving facts to inform our instruction writing: "How to Mummify a body". We will also write our own set of instructions on "how to mummify a tomato".

We will also be exploring features of a newspaper report, before focusing on a chapter from the Horrible Histories books to create a newspaper account.

## TIMES TABLES ROCKSTARS

Keep Up with Times Table Rockstars! Let's all work towards being Rock Legends and Rock Heroes!

<https://play.ttrockstars.com/auth/school/student>

## Science

In Science, our topic will be based on our creative curriculum topic, Ancient Egyptians! We will be mummifying a tomato! We will then use this experiment to plan and write our own instructions on how to mummify a tomato.

When using the internet at home, please encourage your child to use the safe search engine **Kiddle**. [www.kiddle.co/](http://www.kiddle.co/)  
This site is run by Google and has safe search functions built into it to help protect children.

### Reminders:

- PE kits for Thursday. Ideally earrings should be left at home but must be removed.
- Daily reading recorded in planners and signed.
- Home learning is issued termly and can be handed in when completed.
- Correct uniform please, including shoes. Boots may be worn during the winter months. Any problems or concerns, please write a note in the student's home contact book.

### Art/DT

In Art, pupils will improve their mastery of sculpture in the medium of clay.

We will be making an 'Eye of Horus' from clay, learning how to use and apply a range of techniques for differing effects.

### MFL

In French this term, we will be learning to say where we live, identify a variety of rooms and furniture and describe our daily routine.

### RE

In RE, we will be exploring why some people think life is a journey

We will be considering different journeys in life and sharing our own experiences.

### Music

In Music this term, we will begin to explore different moods or emotions. We will be listening to different genres of music and discussing how our emotions change. Once explored, we will compose a piece of music which evokes different emotions.

### Computing

Computing this term focuses on Information Technology.

We will be learning about databases, how they store information and how to create our own database.

### PSHE

In PSHE, our key question is 'How can we manage our feelings?'

We will consider our own feelings and how important it is to find ways to express our feelings which benefits our health and wellbeing.

Thank you for reading our newsletter. If there is anything you would like to discuss, please arrange a telephone appointment via the school office. Miss Robinson and Miss Shaw.
