Bikeability: Monday 20th March

St Martin's welcomed two fantastic Bikeability instructors into school on Monday to teach our 12 Year 5 cyclists about road safety.

What did we achieve and learn during our Bikeability day?

- ◆ The cyclists learnt how to check their bicycles safely.
- ◆ The cyclists learnt about road safety and how to apply this when cycling out on the roads.
- ◆ All of the cyclists managed to achieve both their level 1 and level 2 Bikeability award.

Cyclists were able to list the **A B C D** check points

A-Before going out for a bike ride check the **Air** in your tires.

B-Before going out for a bike ride check the **Brakes**

C-Before going out for a bike ride check the **Chain**

D-Before going out for a bike ride check the **Direction** of the handle bars.

Thank you to all of the cyclists who participated in Bikeability; we hope you enjoyed your active day cycling!

Happy cycling and remember to be a Respectful Rhino & stay safe on the roads!
