

**St Martin's**  
**Class of 2023**  
**Year 6 Leavers' Assembly**

Kingswood  
June 2023

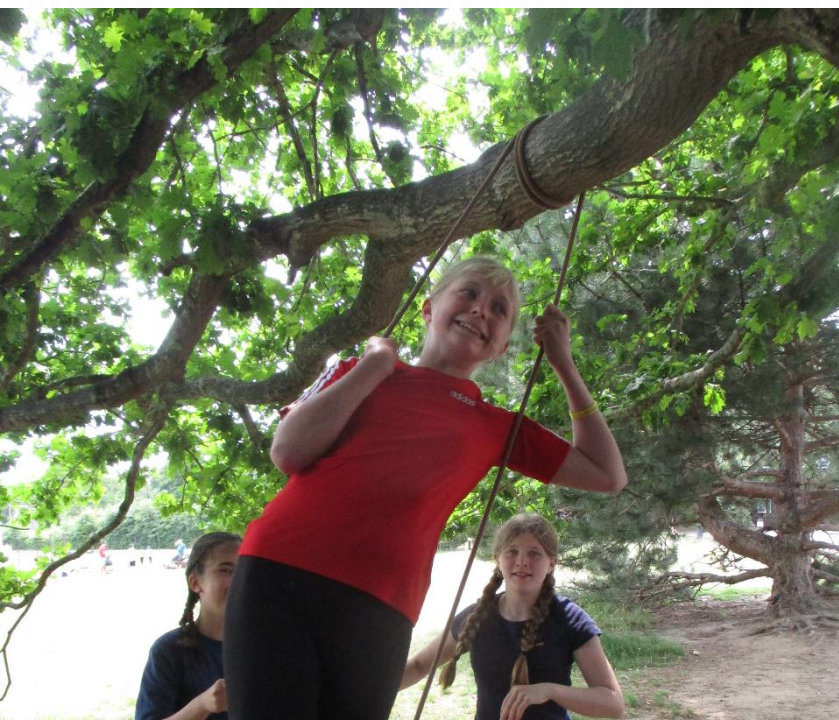

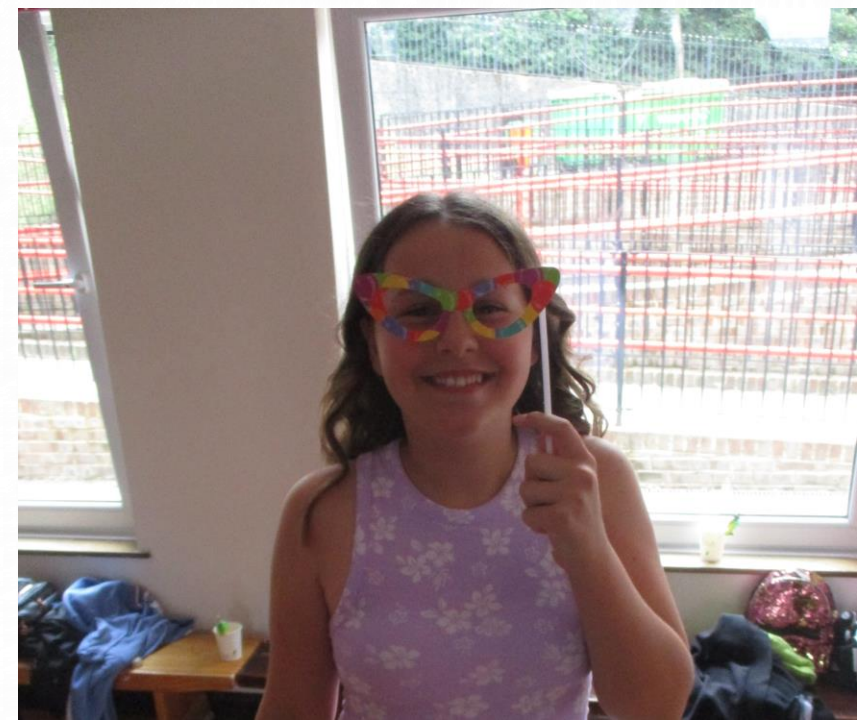

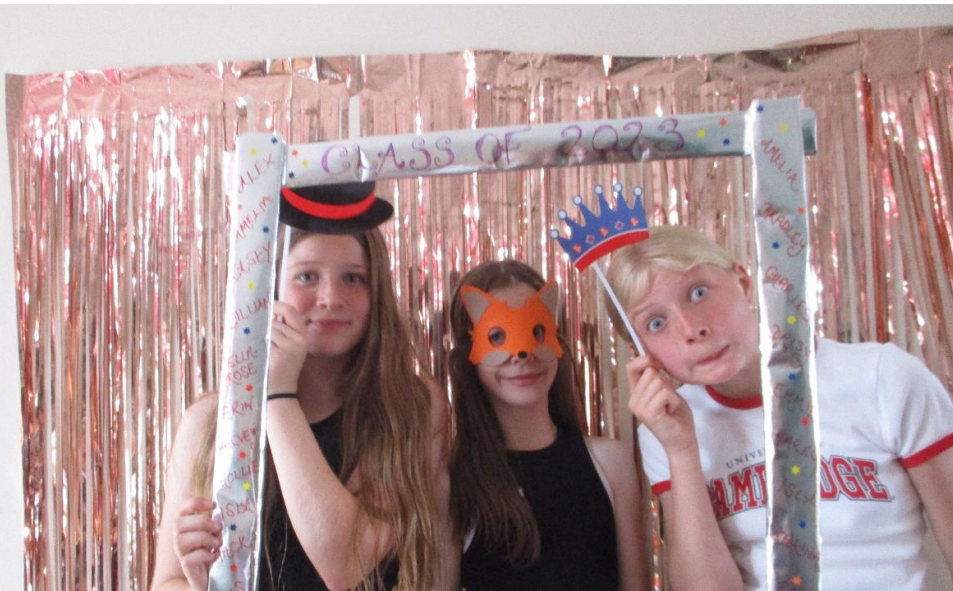

## TERM 1 – FIT FOR LIFE

IN TERM 1, WE LEARNT ABOUT THE CIRCULATORY SYSTEM AND THE HEART. WE LEARNT HOW TO KEEP OURSELVES HEALTHY AS WELL. ONE OF MY FAVOURITE PARTS WAS MAKING SUPER-SMOOTHIES(MOST OF THEM TASTED DISGUSTING!). WE ALSO MADE NUTRITIOUS PASTA DISHES AND MADE AN ADVERT FOR OUR PARENTS.

## TERM 2

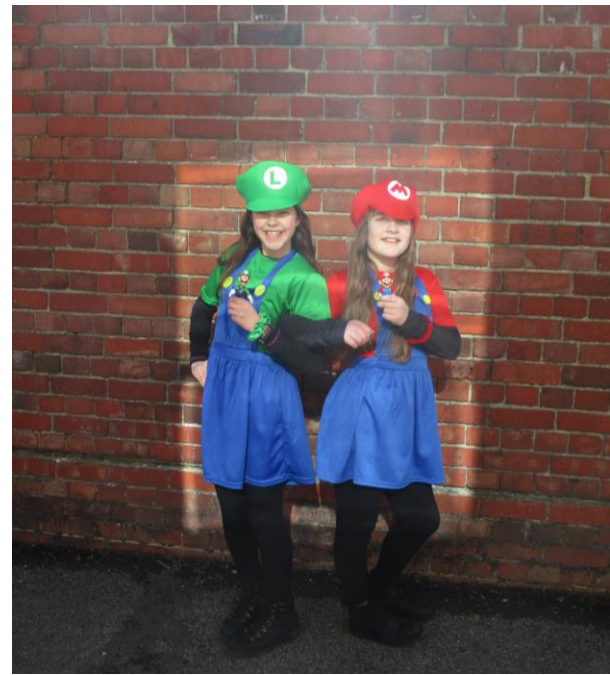

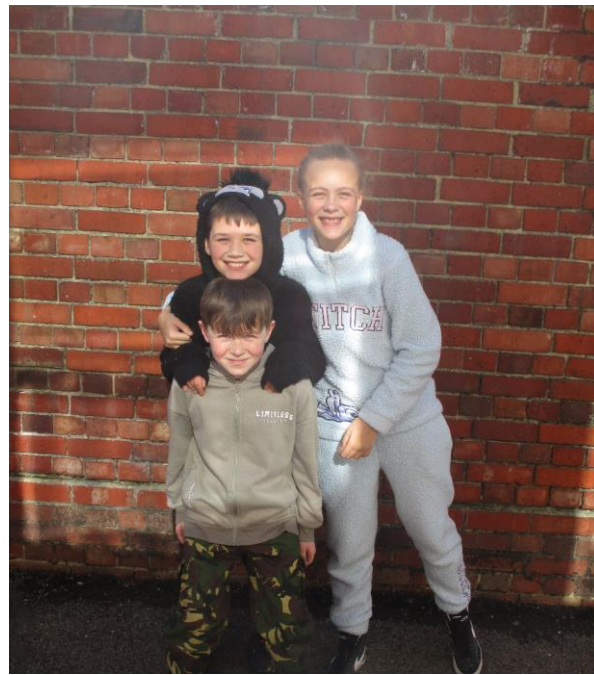

### WORLD WAR 1-

IN TERM 2, WE LEARNT ABOUT WORLD WAR 1. WE LEARNT ABOUT PROPAGANDA, A GROUP OF PERSUASIVE POSTERS, THAT MADE MEN JOIN THE ARMY. WE MADE PROPAGANDA ABOUT NOT GOING TO WAR.

WE ALSO LEARNT WHICH COUNTRIES WERE IN THE WAR AND HOW MANY PEOPLE DIED IN THE GREAT WAR (WW1).

World  
Book  
Day  
2023

# TERM 3 – THE ANCIENT MAYA

IN TERM 3, WE GOT TO EAT CHOCOLATE! THIS IS BECAUSE THE MAYANS INVENTED HOT CHOCOLATE. WE LEARNT HOW TO USE ANCIENT MAYAN CALENDAR, WHICH WAS A LOT MORE COMPLICATED THAN THE MODERN DAY (GEORGIAN) CALENDAR. WE LOOKED AT THE GODS AND GODDESSES THE ANCIENT MAYA WORSHIPPED, SUCH AS KUKULKAN, THE GOD OF RAIN, WIND, STORMS, AND LIFE. WE ALSO LEARNT THAT MAIZE (CORN) MADE UP 80% OF THEIR DIET. ONE OF MY FAVOURITE PARTS WAS WHEN WE MADE MAYAN COCOA POTS OUT OF CLAY.

# TERM 4 WW2

AT THE START OF THE TERM, WE DRESSED UP AS EVACUEES FROM WW2. SOME MEMBERS OF OUR CLASS HAVE THEIR OWN FAMILY LINKS WITH WW2. SOME PEOPLE'S FAMILY WERE EVACUATED IN WW2. WE MADE REPLICA ANDERSON SHELTERS.

Term 4 visit to Dover Castle –  
Operation Dynamo

**Term 5 – WW2 Continued**  
In term 5, we planned for a V.E day party. We got some 40's music, made some delicious jam tarts, wrote some invitations and danced. We also had a visit from the RNLI

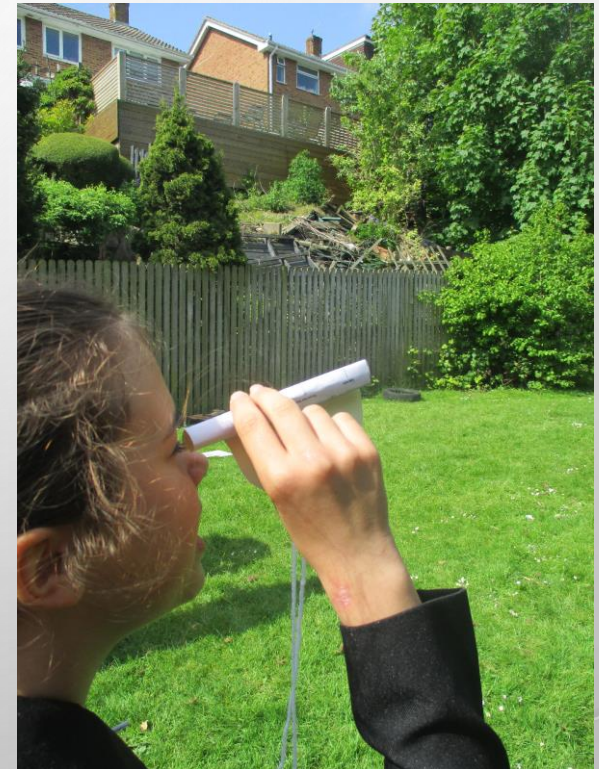

# Term 6 - Evolution and Coasts

In term 6, we've learnt about evolution and adaption. We have learnt about evolution, including: adaption, variation and inheritance. We have explored fossils and how this tells us about animals and other living things in the past, like dinosaurs.

We learnt about coasts and erosion. We undertook some investigations to see the effects of, 'acidic rain' on soft rock (chemical weathering); frozen rain water on rocks (physical weathering); tree roots (biological weathering); rain water on sand (erosion).

# **Class of 2023**

**Thank you for being amazing, we  
wish you the very best of luck in your  
new school and beyond.**

**Exciting adventures await.....**
