Tues 18th—Last day of term 6

Transition Days

The children all had a lovely time during their transition day this week, getting to know their new teacher and class surroundings.

We have another 2 transition sessions planned before we break up for the holidays to help ease the transitions as much as possible.

Safety Notice

It has been brought to our attention that some children may have been walking to and from school without an adult.

We would like to remind you that all children, other than those children in Year 6 who have completed walking home consent, must be accompanied by an adult for both the drop off/pick up.

Eco Update

As the weather is getting hotter, the Eco-defenders ask that you please remember our Eco Pledge and avoid single-use plastic bottles and remember to bring water in a reusable drink bottle.

Learning to Dream, Learning to Believe, Able to Succeed!

Kingswood Residential Trip

Year 6 have had an amazing time at Kingswood this week where they have enjoyed lots of activities and made some lovely memories. Staff were so impressed with the class's impeccable behaviour—well done for representing our school so well!

Safeguarding Information

Did you know, we have a page dedicated to safeguarding on our school website? Here you will find information on who the school's Designated Safeguarding Leads (DSLs) are, what to do if you have a concern, our Trust policy for safeguarding, national guidance as well as links to useful resources.

This can be found at [Safeguarding and Online Safety](#) under the 'Information for Parents' tab.

Learning to Dream, Learning to Believe, Able to Succeed!
