ST MARTIN'S SCHOOL

Key Priorities 2026- 2027

Embed a consistent culture of positive behaviour, respectful relationships and inclusion through the effective implementation of the Behaviour and Relationships Policy, creating a safe, purposeful environment where everyone can learn and thrive.

Embed high-quality spelling, editing and redrafting teaching, to further accelerate progress and enable pupils to write with increased accuracy. This will lead to improved whole-school attainment in both writing and GPS.

Strengthen pupils' motivation, ownership and pride in their learning so they consistently aspire to achieve their best, maintain high standards of presentation and strive for excellence.

Broaden pupils' personal development by providing rich experiences, developing character, nurturing individual talents and interests, and enabling every pupil to make a positive contribution to their school and wider community.
